

September 27th | Jesus Blessed The Children

Bible Story

Did you know that YOU are unique? God created you differently from every other person. No one is exactly like you! Each person is unique and of value to God. Jesus treated all people as important, and we can follow His example to do the same.

Life Point

We can follow Jesus' example to treat all people as important.

Huddle Up

"Everybody Matters" Art

Each group will get a large piece of butcher paper. Each student will write their name, draw their picture and write a few of their favorite things. When done, they will go to another person's picture/name and write one thing they like about that person.

Closing Activity

"Let The Children Come To Me" Game:

Each team must line up on one side of the room. They must cross to the other side of the room by only stepping on the floor mats. "Jesus" will be waiting for them on the other side of the room. They must be the first team across the room.
